INTRODUCTION

This Policy and Procedure Manual was developed to guide and inform the Ethnic Disability Advocacy Centre's staff and Management Committee in their work duties.

People from CaLD (Culturally and Linguistically Diverse) backgrounds who have disabilities are doubly disadvantaged in being able to access services, supports and opportunities that other people have, because of their disability and their ethnicity, and often barriers related to language and colloquialisms. Problems faced by this group have been widely reported in various consultations and studies undertaken by government departments and academics. There are different cultural attitudes about disability including the isolation of families; lack of knowledge about services and systems; and family reluctance to use services. It is estimated that people with disabilities from CaLD backgrounds represent about 14% of the population with disability, and yet they have low participation rates in disability related supports and services delivered by government and non-government agencies.

In 1993 the Ethnic Communities' Council (ECC) undertook an access and equity project in employment for ethnic people with disabilities in WA. One of the recommendations from the evaluation of this project was the development of an advocacy service for ethnic people with disability in WA in order to facilitate better access to all disability and mainstream services for people with disabilities and their families/carers from CaLD backgrounds. Such a service would increase their representation in disability related programs so that they can exercise control over their lives and participate in all levels of society.

Funding was approved in March 1995 for the establishment of the Ethnic Disability Advocacy Centre (EDAC).

For the purposes of this manual, the term "client" refers to the person with a disability OR their family/carer from CaLD backgrounds who EDAC provides advocacy supports and services to, and on behalf of.

It involves a perception or impression that abuse may be occurring based on known medical or social history, visual evidence and/or verbal communication. The information that warrants a concern is hearsay information and is documented as such, acknowledging the possibility that the concern may or may not be validated – but that attention needs to be paid to the matter.

Allegations - An allegation is a formal statement, written and/or signed by the person making the allegation, made to a staff member or to any external agency, reporting that a consumer has suffered or is suffering abuse, neglect or exploitation. The statement generally includes a specific description of events that is formally reported to have occurred that may lead to an accusation being made.

Serious Incidents

A serious incident can be defined as follows:

 - e. regular appraisal of the performance of all staff.
- 3.2 Implement sound staff and volunteer orientation and induction, which includes information about consumer rights, issues of abuse and neglect and the requirements of Standard 1 - Rights
- 3.3 Remind staff on a regular basis of their responsibilities for safeguarding consumers and to raise any matters of concern.

4. PROCEDURES – RESPONDING TO ALLEGATIONS OF ABUSE AND NEGLECT

If a consumer's rights are infringed, or we have reason to believe that they have been abused or neglected, EDAC will respond quickly, professionally and compassionately.

1. It is the personal responsibility of all paid staff, volunteers and Board members to communicate any concerns relating to an infringement of human rights, or the abuse or neglect of a consumer to EDAC's Manager or his/her delegate within 24 hours of the concern arising, or immediately if it is believed that the consumer is at imminent risk of harm. The Manager or his/her delegate and/or the Chief Executive Officer will decide how the matter should be managed.
2. The Manager or his/her delegate will reassure the reporting staff member that their concerns will be managed in a **confidential** and professional manner, and that they have acted correctly in bringing their concern to attention.
3. The Manager or his/her delegate or the CEO will assist the staff member raising the concern or allegation to factually and non-judgementally document an account of the concern or allegation, using the "Accident / Incident Reporting Form". This should be done within 24 hours of the concern being raised.
4. If the Manager or his/her delegate believes that the consumer is at immediate risk, he or she will take whatever steps are required to mitigate the risk, and ensure the consumer's safety while the matter is fully investigated.
5. Generally it will be expected that the Manager or his/her delegate will inform the consumer of the concern, reassure them and ensure their involvement in deciding the course of action to be taken. However, it is recognised that in some situations this might not be possible due to the consumer's circumstances, or the nature of the concern. If the consumer is not to be involved in the decision –making about the concern, the reasons for its decision will be documented, and consideration given to the need to involve an advocate to represent their interests.
6. Except for staff who have been given specific authority to do so, no staff member will undertake any level of investigation of a concern or allegation.
7. EDAC Chief Executive Officer will jointly decide on the appropriate action to be taken according to the circumstances and generally taking into account the client's / family members'/carers' views. The action could be:
 - a. to manage the matter within the organisation;
 - b. to engage in discussion with family members or advocate;

- c. to elicit the advice and expertise of another organisation or individual from outside of our organisation;
 - d. to involve an organisation with the required legislative mandate to take action (eg the Department for Community Development, WA Police, the Office of the Public Advocate);
 - e. to take no further action at this time, but continue to monitor the situation and review at a specified later date; and
8. The decision that is taken and the reasons that led to the decision will be documented by the Manager or his/her delegate and endorsed by signature by the CEO.
9. If the matter is assessed to involve any actions that are unlawful, the Chief Executive Officer must immediately advise the President of the Board.
10. Duty of care carries greater weight than the duty to maintain confidentiality in matters of care and protection. This means that the matter may be discussed between those reporting or investigating, but not with any other person. This includes confidentiality of consumer and alleged perpetrator information.
11. In reporting a concern/allegation, staff will ensure that the consumers' right to dignity, confidentiality and privacy is maintained in accordance with the National Standards for Disability Services and the Privacy Act.
12. If the matter is considered to be a serious incident, it must be reported to The Disability Services Commission by the CEO within seven (7) working days, in accordance with the Serious Incident Reporting policy.
13. The Manager or his/her delegate or CEO will provide feedback to support the staff member who raised the concern or made the allegation regarding the outcome.
14. Debriefing will be undertaken with all relevant individuals when the matter reaches a conclusion. The Chief Executive Officer will determine who the appropriate person is to conduct the debriefing.
15. When the matter is concluded, the Chief Executive Officer and/or his/her delegate will review the actions taken, to evaluate EDAC's response to the matter, and to identify opportunities to develop strategies to prevent a future occurrence of a similar incident; and inform the relevant parties of the outcome of actions taken.

5. REVIEW OF THE POLICY

This policy will be reviewed on a two yearly basis. However, if at any time the legislative, policy or funding environment is so altered that the policy is no longer appropriate in its current form, the policy will be reviewed immediately and amended accordingly.

- 3.7 Seek feedback from people with disabilities, and their families/carers about the service access procedures and implement improvements to service access and transparency where applicable.
- 3.8 Investigate barriers to access to its services, and where appropriate, address them.
